Dear U.S. Navy FOIA Officer: Under the Freedom of Information Act (FOIA), I would like the following records: Any and all documents possessed by the U.S. Navy which mention or pertain to the World Class Athlete Program and the USA Track & Field (USATF)'s Olympic Trials Athlete Uniform Policy's Uniform Guidelines and prong 7.0., titled, "Schools/Universities/Military Exemptions." Prong 7.0 reads, "IAAF size restrictions shall not apply to uniforms of colleges, universities, or military units or branches whose names do not include any sponsor identification." Thank You, Steve Horn

Pursuant to the federal Freedom of Information Act, 5 U.S.C. § 552, I request the dates of Naval Academy enrollment and departure (noting whether it was voluntary departure, a military separation, May graduation, or delayed graduation) for the following individuals:

1. Two supplemental files attached are partial grant / partial denial responses. Request: For each response, provide (required by FOIA): a. The name and title or position of the official who made the partial denial determination and the basis for the denial in sufficient detail to permit the requester to make a decision concerning appeal. b. A reasonable estimate of the volume of records denied. 2. FOIA requires the IDA or a person delegated that authority sign a denial or partial denial response. Delegation of IDA authority is to be reflected in the activity's supplementing FOIA instruction or by letter, with a copy to CNO. The latest records provided or available to me delegate the Superintendent's IDA authority to the FOIA Coordinator and designate the Superintendent's Administrative Officer as the FOIA Coordinator. USNA INST 5720.5C requires that the FOIA Coordinator sign "by direction" of the Superintendent for release of FOIA requested documents, for denial of documents and for routine FOIA matters. It further requires that the response have "Superintendent, United States Naval Academy" in the "From" line and that the signature block contain the initials and last name of the person signing and "By direction" under the name. The two partial denials I received (referenced above) were not "From" the Superintendent and were signed 5 U.S.C. §552(b)(6) FOIA 5 U.S.C. §552(b)(6)

Officer. They do not appear to be from the IDA. Request: Provide all records and documents that show: 5 U.S.C. §552(b)(6) was delegated IDA authority from the Superintendent and the time frames delegated; and, b. The requirement for denial responses to have "Superintendent, United States Naval Academy" in the "From" line and the requirement that the signature block contain the initials and last name of the person signing and "By direction" below the name was no longer a requirement for the time frame of the partial denial responses received.

USNA's Mission is to graduate leaders dedicated to a career of naval service. Naval service includes officers serving in both the U.S. Navy and the U.S. Marine Corps. The supporting file (USNA Data) was provided by

USNA in response to FOIA DON-NAVY-2016-002155 concerning USNA's mission effectiveness. The data compared USNA accessions with ROTC and OCS/Other accessions but was only for the U.S. Navy and only for the URL designator. To understand how effective USNA is in meeting its mission effectiveness, data for all graduates being commissioned is needed. Please provide all records and documents that show similar data [Percent of USNA graduates serving (O1 - O10) compared to ROTC and OCS/Other Accession Sources for Navy (O1-O10)] for URL, RL and Staff and data for USNA graduates compared to ROTC and OCS/Other Accession Sources for the similar officer communities in the U.S. Marine Corps. Please ensure that any data provided (such as that provided in response to FOIA DON-NAVY-2016-002155) includes appropriate date information so that a valid time frame for which the data is provided is known.

This is a request under the Maryland Public Information Act, Title 4 of the General Provisions of the Maryland Code. I am making this request on behalf of the Maryland Democratic Party, and I wish to obtain a list of all students currently enrolled at the Naval Academy for the upcoming 2016-2017 academic year. We are conducting voter registration drives on college campuses, and having a list of students would be most helpful.

USNA just announced the inaugural Bancroft Award. We plan to let readers know how and why this award was started and encourage people to get the word out about the award so that there is increased interest in the award. Please provide a copy of the initial USNAINST 1650.7 dated 25 Feb 2014. It was superseded by USNAINST 1650.7A dated 22 Sep 2015. Please provide documents and records that discuss the need for the award, correspondence between USNA and the Department of the Navy concerning initiating the award and the purpose of the award. Please provide documents records and correspondence which caused the initial award date in the current instruction to be over-ridden - to be awarded in the Fall of 2016 instead of calendar year 2017. Please provide documents and records showing the date of the appointment of a nominating committee for the award being made in the Fall of 2016, records showing the date of the nominating committee's nomination package to the Superintendent (no names or personal information are needed or desired). Please provide documents and records that show why the Navy limited membership on the official Navy Nomination Committee to two specific, local non-Federal entities rather than including other non-Federal Entities who have broad outreach into organizations that don't have USNA alumni. The award is to be presented to non-USNA graduates, yet the Naval Academy Alumni Association and the Naval Academy Athletic Association both have a member on the nominating committee.

USNA FOIA Coordinator, This is a request under the Freedom on Information Act (5 U.S.C. §552). You may be handling a previous, similar inquiry from us as a FOIA. This updates the previous inquiry and provides additional information required in a FOIA request. While much of USNA's Mission is similar to other institutions of higher learning, part of the Mission of the United States Naval Academy, effectively its raison d'être, is unique: To "graduate leaders dedicated to a career of naval service." Knowing the long-standing importance of documenting mission effectiveness within the Defense Department and the Secretary's recent emphasis on analytics for decision-making, USNA has undoubtedly developed a significant database using longitudinal studies and other evaluation methods to substantiate USNA's effectiveness in graduating "leaders dedicated to a career of naval service." We plan to educate our readers with an article on the Naval Academy's success in this area of its mission and how various programs instituted by the Naval Academy have contributed to its mission effectiveness in this area. We request that data or documents be provided that answer the questions contained in the attachment to this E-mail.

UMBC sent me a copy of the CRADA Agreement. It's attached. You'll notice the funding part (Article 5) is not included, so must be a separate document for UMBC and the Naval Academy. I figured the money would be mentioned. I'll need to include how much this is costing and who's paying for it, UMBC or USNA....or both? Can you direct me as to how I can get the money? Also, would some professor involved be available to chat about the partnership?

My name is 5 U.S.C. §552(b)(6). I have recently been reading my grandfather's personal memoirs. I believe he graduated from the USNA in 1936, I am not sure of the exact date. I know he was commissioned to the USS West Virginia in 1938 and was at Pearl Harbor. I know he also retired as Rear Admiral from Millington Naval Base. His name is 5 U.S.C. §552(b)(6). As I have been reading his memoirs, my curiosity has grown. I would like to request any additional records of his service and attendance at USNA you may be able to send. My goal is to create a memorial for my father and aunt. I have been able to locate several documents including letters he wrote to his wife from December 6 to 9th of 1941 and various news articles from The Commercial Appeal in Memphis, TN.

In 2013 I contacted the Human Resources Department at the US Naval Academy for assistance with an EEO issue as well as other HR related concerns. Shortly after contacting this office all HR/EEO records were transferred to the BUMED servicing Human Resources Office. The Naval Academy HR Office was no longer servicing the medical staff at the US Naval Academy. In 2013 I filed a formal EEO complaint. In March 2015 I became aware that the US Naval Academy Human Resources Office maintained an additional set of records on me for over two years without my knowledge. I have also learned that the employees - HR Specialists at the Naval Academy HR office have submitted information maintained in these files to the Agency attorney without requiring him to properly request these documents. The documents clearly contain alleged communication between me and the HR staff and include HR and EEO related information. I emailed the director at the Naval Academy HR Office citing the FOIA as a basis for my request to know what documents are being maintained on me as well as a full accounting of to whom this information has been given. I was told not to contact the office again and to have my attorney request the documents. I would, however like to request that I be provided this information without involving my attorney.

Dear Sir or Madam, I'm writing an article about trends in officer accessions and was hoping to get data on incoming officers in the Navy. Specifically, I would like the average SAT scores of incoming officers by year going back as far as data is available (ideally to at least FY 1980). I'm not concerned about tying it with race or gender. I would ideally like the raw scores, but just an average for each fiscal year would be great if that is all that is available. In terms of need or qualification to receive this data, I have written a previous article in the Marine Corps Gazette, and am working on a masters in security studies at The Fletcher School at Tufts. Thank you, [REDACTED]
